CLASS DESCRIPTIONS

Gardening Cubs: Explore gardening and nature with hands-on activities and projects. Learn & play with other kids that share a love for the outdoors. Create awareness and actions for ways to protect the environment.

Gardening Tigers: Roll up your sleeves and get ready to dig and discover! Students will enhance our outdoor learning landscape and surrounding school spaces for others to use. We will learn the basics of gardening, collaborate with like-minded peers, and enjoy the great outdoors.

Arts & Crafts: This club will allow your child to embrace their creative side! Participants will have fun socializing with friends and working on fun projects to take home. Projects *may* include: bird feeders, popsicle stick art, cloud putty, and a Halloween craft.

LEGO & Games Club: Calling all students who love to play games! Socialize with friends while you create and complete LEGO projects. Challenge your friends and have fun while you play board games—play your favorites and learn some new games!

Paws for a Cause Animal Advocacy Club: Together we will make a difference in the lives of animals! Participants will learn about ways to help animals who are in need of extra love—and be able to share with others. We will participate in hands-on activities to support and improve the conditions of animals in our community!

***Classes must meet 6-8 student min to operate; if min not met, you will be contacted and refunded for class.*
